DETAILED ACTION

Another Examiner has been assigned to this application.

This Office action is in response to Applicant's appeal brief filed on January 4, 2007.

Claims 1-12 are presented for further examination.

In view of the appeal brief filed on January 4, 2007, PROSECUTION IS HEREBY REOPENED.

To avoid abandonment of the application, appellant must exercise one of the following two options:

(1) file a reply under 37 CFR 1.111 (if this Office action is non-final) or a reply under 37 CFR 1.113 (if this Office action is final); or,

(2) initiate a new appeal by filing a notice of appeal under 37 CFR 41.31 followed by an appeal brief under 37 CFR 41.37. The previously paid notice of appeal fee and appeal brief fee can be applied to the new appeal. If, however, the appeal fees set forth in 37 CFR 41.20 have been increased since they were previously paid, then appellant must pay the difference between the increased fees and the amount previously paid.

A Supervisory Patent Examiner (SPE) has approved of reopening prosecution by signing below:

Glen Burgess.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claims 2-5 and 9-10 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 2-5 and 9-10 appear to contain the trademark/trade names HomeNet, Home Plug, and US AMD Corporation. Where a trademark or trade name is used in a claim as a limitation to identify or describe a particular material or product, the claim does not comply with the requirements of 35 U.S.C. 112, second paragraph. See *Ex parte Simpson*, 218 USPQ 1020 (Bd. App. 1982). The claim scope is uncertain since the trademark or trade name cannot be used properly to identify any particular material or product. A trademark or trade name is used to identify a source of goods, and not the goods themselves. Thus, a trademark or trade name does not identify or describe the goods associated with the trademark or trade name. In the present case, the trademark/trade names appear to identify/describe particular brands of networking components and, accordingly, the identification/description is indefinite.

Allowable Subject Matter

Claims 1-2, 6-8, and 11-12, are allowable in view of Applicant's persuasive arguments with regard to McIntyre as submitted on pages 7-8 of the appeal brief filed January 4, 2007.

Claims 2-5 and 9-10 would similarly be allowable if rewritten to overcome the outstanding 112

2nd ¶ rejection.
